STUDY VISITS IN WROCLAW
AUTUMN 2019

The process of the ECoC Wrocław 2016, implemented simultaneously on Four Stages: Wrocław, Lower Silesian, National and European and World, was a true time of transformation. Many conversations and debates started then, which make Wrocław “vibrant” with culture today, will last for a long time to come and as a result will create a new, aware and unique on a European scale model of urban culture...

Spaces for Beauty. Summarized (2017)

CULTURE ZONE WROCLAW

Culture Zone Wrocław is a local government institution, previously – as the Wrocław 2016 Office – responsible for the preparation and organisation of the celebrations of the European Capital of Culture Wrocław 2016. This experience, acquired knowledge, broad competences and contacts is something that we would like to share.

GET TO KNOW US AGAIN!

Culture Zone Wrocław is currently a network of seven places, such as Barbara, located in the very centre of the city, offering Wrocław residents a variety of cultural events. These are popular festivals at home and abroad: Santander Jazz on the Odra Festival, WROsound, International Children’s Theatre Festival “Dziecinada” and the European Night of Literature. They also include such programmes as Microgrants, Neighbouring, Culture Practitioners and AIR Wro, the aim of which is not only to strengthen local initiatives, but also to promote them at the regional, national and international level.

LET’S CREATE NETWORKS!

Culture Zone Wrocław is simultaneously developing numerous networks of collaboration, especially with the cities with the title of the “European Capital of Culture” and Wrocław’s sister cities. They are to serve the exchange of experience, practices and knowledge, as well as building strong partnerships for the coming years.

- international projects, including the development of partnerships and networks

- cooperation at regional and national level
- volunteer work

We would like to introduce not only the Culture Zone Wrocław, but also our partners, with whom we have been working closely for many years: local and regional cultural institutions, non-governmental organisations, associations, initiatives and their creators, such as WRO Art Center (new media), TIFF Collective (photography), the Art Transparent Foundation (visual arts), the Avant Art Foundation (avant-garde music), the New Horizons Association (film), the BWA Wrocław Galleries of Contemporary Art (visual arts), the National Museum (visual arts), the Grotowski Institute (theatre) and the National Forum of Music (classical and contemporary music).

PARTICIPANTS

We invite representatives of organisations and institutions currently working on the programmes of the “European Capital of Culture” celebrations or planning to apply for the title: broadly defined cultural personnel, especially managers, producers and project coordinators. Representatives of creative circles, recommended and delegated by local ECoC offices, are also welcome.
