# Kaunas -European Capital of Culture 2022

You are welcome to come any day! The project is always full of content!

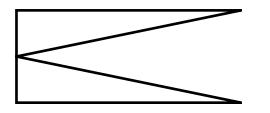

## Kaunas 2022

**European Capital of Culture** 

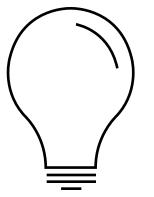

European Capital of Culture – the most important, largest, and most well-known cultural project in the European Union.

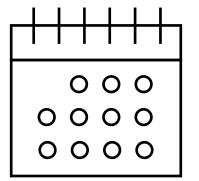

The slogan that brought Kaunas to the title of the European Capital of Culture is 'From temporary to contemporary capital'.

For this reason, the main goal of this project is a change – from a city, nostalgic for its past, to an open and democratic city – through daily and extensive involvement of its citizens in culture and learning of new cultural activity forms.

Since 2017, Kaunas 2022 has organised over four thousand events of various scale, with continuously increasing participation and engagement.

In 2022, 3 major events – the Contemporary Myth of Kaunas Trilogy, more than 40 festivals, 60 exhibitions, 250 performing arts events (of which more than 50 are premieres), and over 250 concerts are planned for Kaunas and Kaunas District. Culture will be inescapable!

- control.

The project includes Kaunas and Kaunas District on equal grounds.

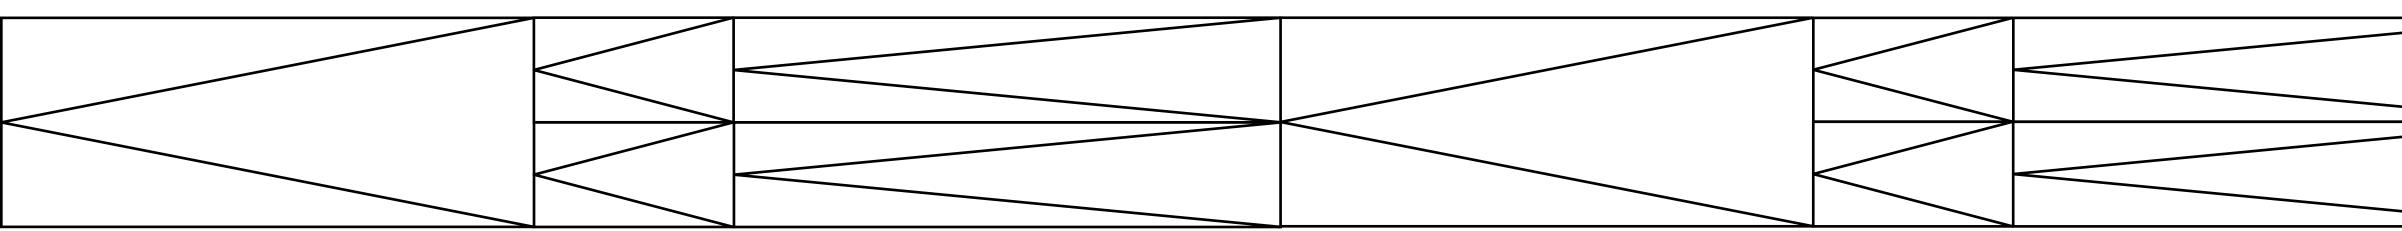

Even though the EU is not a sponsor, it carries our regular supervision of the project through a specifically established committee.

The project's sponsors implement continuous and transparent project

The project does not compete with any other cultural organisation. The designated funds are new, significant allocations for culture.

The project is being implemented with partners (currently 80 Lithuanian) and 150 foreign cultural institutions) and acts as a coordination centre.

- $\bigcirc$ together.
- $\bigcirc$ elements of the programme.
- $\bigcirc$

The project has started and continues as a public initiative and is based on the vision of an open European city which we are building

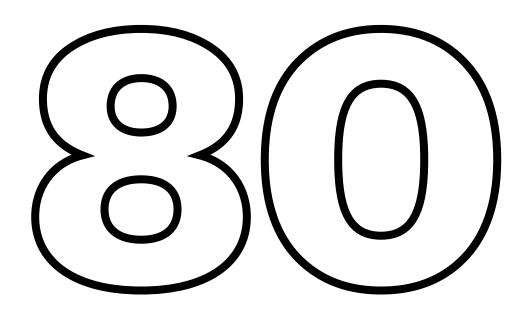

The project pursues the programme stated in the bid which won the EC's competition. The project can not alter the spirit, values, and key

By its nature, the project is educational. Educational activities began in 2015, when the team for drafting of the bid was collaborating with foreign consultants, was training itself, and trained the team of the future project consisting of cultural professionals, university lecturers, and city leaders.

# Authors of the Project's Programme

Currently the team consists of

## cultural producers, marketing and communication specialists,
